

Ponders Decision

Circuit Judge James V. Bartley yesterday took under advisement a motion by the U. S. Rubber Co., to dismiss the \$2,000 damage suit filed by E. H. Swenson, Joliet and Lockport contractor.

Mr. Swenson sought the \$2,000 for alleged damages to his truck-crane while it was being used at the rubber company plant at the arsenal. Acid from an overhead conduit dripped on the crane, he charged.
